THE BOWERBIRD-CODE

combines Design and Encoding

The Bowerbird-Code is a new patented scan code that is flexible in form and colour. It makes design-integrated coding of goods, printed and digital products possible. The Bowerbird-Code allows an elegant integration of coded information into your material. It is printable in all sizes and forms. The ready code is readable at all times through one of our » [free Apps](#). The Bowerbird-Code is **forgery-proof**.

HOW TO

4 easy steps towards your own Bowerbird-Code

Create Account

Upload Data

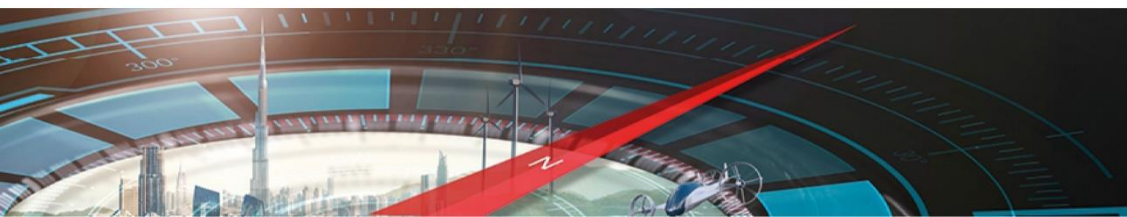

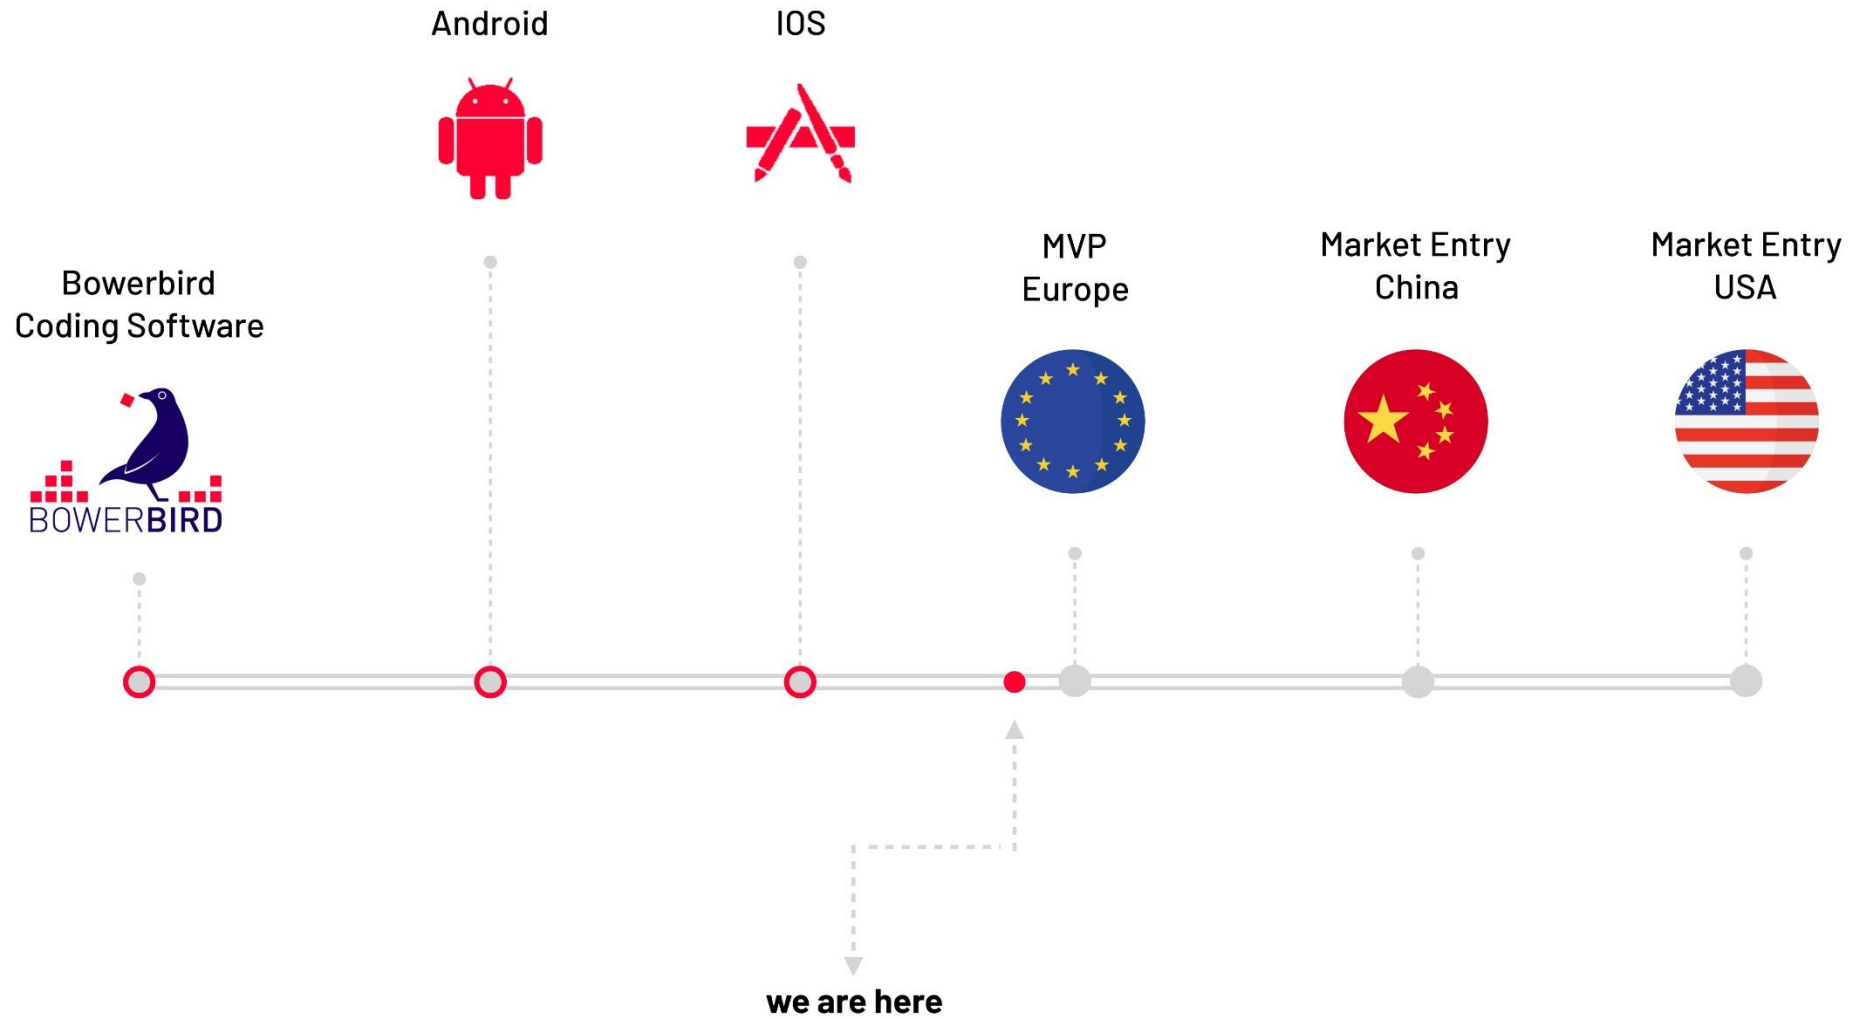

Design Bowerbird-Code

Download, print and use coded item
